

TODD+ASSOCIATES

CRITICAL THINKING / CREATIVE DESIGN

Landscape Architect

Todd & Associates is looking for forward-thinking professionals that are leaders in design. At Todd & Associates, we believe that even the biggest dreams can come true. As innovators and designers, we take risks, we embrace change, and we work collectively toward a common goal of excellence. It is because of our penchant for excellence that we continuously look for leaders to grow our team! [#TAICareer](#)
[#Landscapearchitecture](#)

We are seeking qualified Landscape Architects with high-density/mixed use residential or senior living project experiences. The ideal candidate will be responsible for the successful collaboration with our architectural project teams and the overall execution of landscape architecture projects.

Minimum Requirements:

- Registered Landscape Architect (or will be registered in 2019).
- 7+ years of project management experience.
- Thorough understanding of southwest plant materials, irrigation design, construction documents, construction details and specifications.
- Experienced with AutoCAD; Revit experience a plus!
- Great communication skills.
- Interest in leading and mentoring others on a team.
- Alignment with Todd & Associates Core Values: Dream Big. Work Hard. Play Fair. Have Fun. Make a Difference.

If you are looking for a new opportunity, please email your resume today to sranney@todassoc.com.
